

## Save Money on Computing and Electronics Products with the Employee Purchase Program on CDW.ca

**To: All Employees**

**Re: Employee Purchase Program**

Our company and CDW have come together to offer an Employee Purchase Program (EPP) for your personal computing purchases. CDW has extended our company's volume pricing for your personal purchases on any products CDW.ca has to offer. That is more than 70,000 hardware, software, and electronics products to choose from.

You can place orders two ways: online and via telephone.

**Online:**

1. Go to the Web site [www.cdw.ca/epp](http://www.cdw.ca/epp)
2. Enter our company's **EPP Access Code:** 72A28C81
3. Fill out the required information to set up an online EPP E-Account.

That's it! Each time you go to CDW.ca and shop, all you have to do is log on to your E-Account and you will receive your company's special pricing!

**By Phone:**

1. Call your CDW account manager at 800.97CDWCA (800.972.3922) and mention your company's name.
2. You will need to provide our EPP Access Code for proof of employment.
